About us

Amala Vegan Factory is a manufacturing company founded in 2018. We are a Lithuanian producer of plant-based vegan products – smoked and cooked sausages, hot dogs, pâtés, burgers and other vegan products. Products are created according to our unique recipes in collaboration with food technology laboratories. We only use natural ingredients in our products, and of course GMO-free. Continuous improvement and the desire to provide you with the best taste and composition of products is our main concern.

Amala.lt is our internet store where you will find only delicious, nutritious and ethical products. Taste and share your impressions and experiences with us!

Amala is a plant-based product composed on wheat protein, coconut oil, soy protein and natural flavours. Natural herbal spices and the perfectly reproduced meat structure with the help of modern technologies give our products an authentic taste of traditional meat. Be sure to give it a try and share it with your friends!

High quality standards:

Our products are certified by the Vegan Society.

HACCP – Food safety management system in Lithuania.

We only use natural products.

We carefully check the quality of the products at all stages of production.

We are proud of what we do.

We maintain high standards of cleanliness in the production of our products.

KRAKOW

280 g

This is naturally smoked plant-based non-traditional sausage in a variety of our produced items. Why? Because it has an unique dense wet structure, which itself enriches taste and smell and reminds us of eastern cuisine. It is the best alternative to satisfy your hunger for vegans and vegetarians and not just them. It can be used on sandwiches, separately, with vegetables.

Ingredients: water 48%, wheat protein 32%, coconut oil 10%, soy protein (non-GMO), modified starch (maize) non - GMO, salt, natural spices (coriander, pepper), dextrose, salt, flavorings, citrus fiber, colour: iron oxides.

HAM

380 g

This mild ham-flavoured sausage is a classic and a favourite version of many buyers. Many of our friends do not believe that it is plant based, because it is very reminiscent of “the same” taste. Its taste is best reflected by placing the piece on a slice of bread or with any garnish such as rice, pasta or mashed potatoes. Ideal for the whole family!

Ingredients: seitan (water, wheat protein) 77%, coconut oil 9%, soy protein (non-GMO) 4%, modified maize starch (non-GMO) 3%, contains 2% or less of: salt, dextrose, natural spices, spice extracts, flavorings, citrus fiber, colour: iron oxides.

Pica su jūsu talino dešra, pasaka! ačiū

Wow!!) it looks tasty! What did you use?) salami? Or tallin?)

thank YOU for sharing

Tallinn mixed with cervelat, but Tallinn is our favorite one

Thank you! We're obviously gonna order some goodies. Talin and salami sausages are the best. 🤤 Actually all of them are really great ant taste is perfect. Gonna try chorizo now.

Hey! Just tried some of your Krakow sausage on holiday in Paris! It was sooo tasty! Are any of your products available in the UK?

It is amazing!

Loved it so much

we're very glad that you liked our product 🙌 but trust us that our smoked sausages would surprise you even more 😊

Oh thx

Your "salami" is very delicious!

We're glad to hear 😊 Have you tried anything else of our products?

Yes, we tried "ham" and it was very good

Why are more people going vegan?

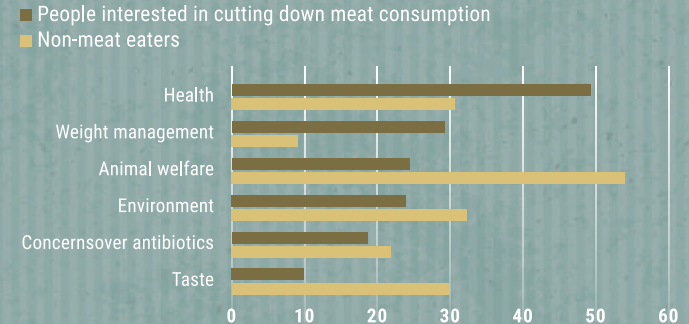

According to analysts, young women are driving the growth of the vegan movement.

But, a range of reasons lie behind veganism's rise.

Flexitarianism, part-time vegetarianism or veganism, is becoming more and more popular. And in January 2019, **250,000 people** pledged to go vegan for the first month of the year, under the **Veganuary campaign**.

People give a variety of reasons for eating less meat

% of respondents citing each reason (more than one could be given)
